WALLS

AIMS:

Without Walls is a community service organisation sponsored by the Rochester Cluster of Churches.

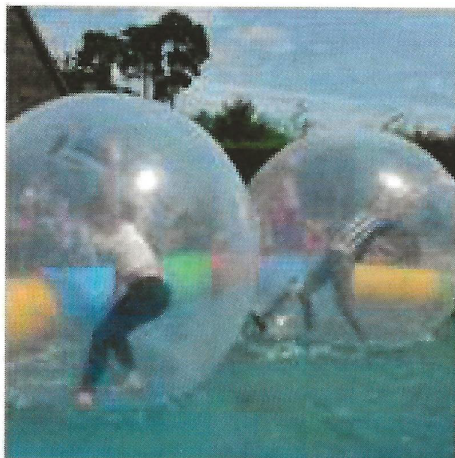

Our purpose is to:

Encourage the development of affordable community provision for children, youth, families and the elderly, by working in partnership with local bodies.

Enable those in areas of relative deprivation to benefit from new experiences which they otherwise would be unable to afford.

Foster relationships between generations to promote community cohesion.

"Had a fantastic day.
All the children
were in their element.
Very well organised."

"It made a lovely
change to be able
to take the family
out together"

"I feel empowered,
less daunted.
Excited about
my new baby."

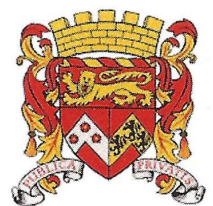

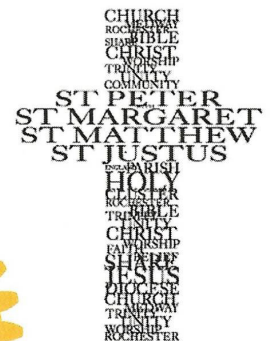

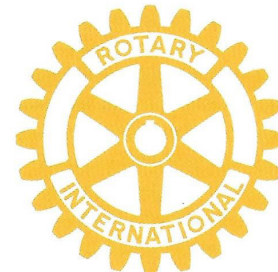

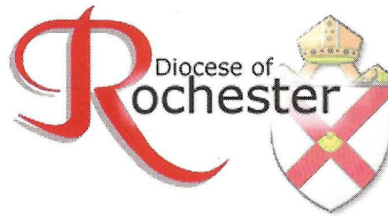

and administrative body to work with the Rochester Cluster of churches and community organisations and stakeholders. Its aim is to support the provision of good quality nurture, educational and leisure activities for young people, youth, families and the elderly focussing especially on the "hard to reach" and those living in areas of relative deprivation.

As well as the impact this help has on individuals, a wider aim is to also enhance social cohesion and mutual respect between ethnic and generational groups.

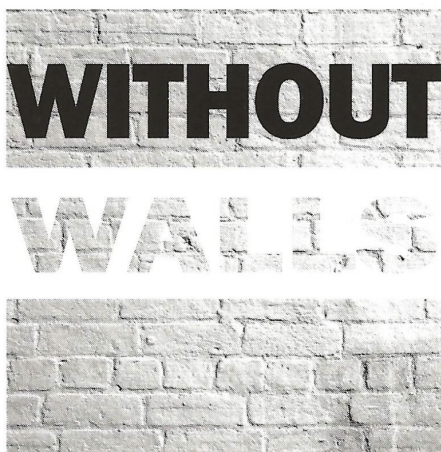

Without Walls very much appreciates the backing that it has received from the bodies listed below. It continues to actively seek finance from funding groups and charities. This support will aid organisations working hard to improve the lives of those most in need in our communities.
